

Doctoral University Studies Organizing Institution
Doctoral School of Chemistry

INVITATION

We are pleased to invite you to attend the lecture on the topic:

"Driving materials research through crystal growth"

held as part of the Doctoral School of Chemistry initiatives, by

Monica CIOMAGA HATNEAN, PhD,

and head of the **Materials Discovery Laboratory**, a solid state synthesis and crystal growth facility hosted in the **Department of Materials (D-MATL)**, at **ETH Zürich (ETH)**.

The lectures will be held on **March 5th 2026** at **13:00** in the "Petru Bogdan" Amphitheatre, Faculty of Chemistry, Building A, "Alexandru Ioan Cuza" University of Iași. The lecture is addressed to students, academic staff and specialists in the field.

When? 

Thursday, 5 March 2026

Where? 

"Petru Bogdan" Amphitheatre,
Faculty of Chemistry, Building A

Time 

13:00

Looking forward to welcome you!

In the name of the Doctoral School of Chemistry,
Prof. univ. dr. habil. Cecilia ARSENE
