### GENERAL INFORMATION

After the successful past edition, with MIT (inter-, multi-, and trans-disciplinarity) transformed in reality, the Conference takes one step ahead and goes beyond the borders this year. *There are no borders for science in an international context*, the magic keywords defining the 6<sup>th</sup> Edition of the *IasiCHEM 2024 Conference*. At this edition of the Conference, we are honored to have esteemed scientists joining us as invited plenary speakers. The *IasiCHEM 2024 Conference* aims to promote a fruitful exchange of scientific knowledge and experiences with relevance at both international and national context. It is intended to provide a good opportunity for experts in the chemistry field to exchange state-of-the-art research and development, and identify research needs and opportunities for potential collaboration in the future. We strongly believe that the expertise and insights of each participant would greatly contribute to the success of this event. The scientific program will include Plenary/keynote lectures, session talks, and poster presentations, under several major Chemistry fields (Environmental Chemistry, Inorganic Chemistry, Organic Chemistry, Material / Polymer Chemistry, Pharmaceutical / Medicinal Chemistry, and Nuclear Chemistry).

#### Scientific program

Invited Conference  
Oral Communication  
Posters

The authors interested in presenting the scientific contributions are requested to register on the Conference Website and upload the abstract (one page A4 format) in English by **October 18, 2024** at the [iasichem\\_conference@chem.uaic.ro](mailto:iasichem_conference@chem.uaic.ro) address (according to the required format).

For the publication of the abstracts in extenso in **Acta Chemica Iasi (IF 2023 – 0.4)**, the papers can be sent for the peer-reviewing process until November 29, 2024 at the [aci@chem.uaic.ro](mailto:aci@chem.uaic.ro) address.

#### Participation fee

**Teaching staff, researchers: 200 RON**

**PhD students: 100 RON**

The fee is paid for each contribution until **October 25, 2024** and includes the conference materials and coffee breaks.

**Fee payment:** Asociația Studenților Chimiști-Ieșeni (ASCIS)

## 6<sup>th</sup> Edition

October 31 – November 01, 2024

The poster for the IasiCHEM 2024 Conference features a vibrant orange and blue color scheme. At the top, it displays the logos of the organizing institutions: Alexandru Ioan Cuza University of Iasi and the Faculty of Chemistry. The central focus is the conference title 'IasiCHEM 2024' in a stylized font, with the tagline 'beyond the borders!' and 'with international participation'. The dates '31-01 Oct Nov' are prominently displayed in a large white circle. A vertical banner on the left side reads 'Writing the history of "Chemica Iasiensis" 2017-present'. Below this, a collage of images shows various scenes from previous conferences, including speakers, attendees, and laboratory settings. Logos for partners like RA and CERNESIM, and sponsors like APTEL, TEHNO INSTRUMENT, and analytikjena are listed at the bottom.
