Ilmenau, 30th of October 2008

Dear Sir or Madam,

we are students from the "Ilmenau University of Technology", Germany and we organise the 9th "International Student Week in Ilmenau – ISWI 2009". The conference has the motto "Right now!" and is dealing with the main topic Human Rights. It will take place from **May 8th to 17th, 2009**. It is one of the largest international student conferences in the world.

We are deeply convinced of the necessity of intercultural communication and exchange to develop mutual understanding and tolerance. We will invite **370 students from all over the world** to experience a week full of interesting lectures, debates, cultural events and group work. Topics of the groupwork are "Human rights and politics", "Human rights and the economy", "Human Rights and medical care", "Human rights and science", "freedom and security", "food and nutrition", "education" as well as "environment", "religion" and "media". Additionally there will be several art groups.

Attached to this letter are two infobooks and a poster. Would you please be so kind and forward the information about ISWI 2009 to your students, student organisations and student newspapers. It would be very helpful for us and we are very grateful for your efforts.

If the material is not sufficient or internet application is not possible, we would appreciate it, if you could help us by copying the application form at the end of the infobook. For more information, application forms or comments please feel free to visit **www.iswi2009.org** or use the contact possibilities given below.

We are really looking forward to welcome and to host students from your institution here in Germany.

The participants of ISWI 2009 will only have to pay for their travel expenses and the visa costs.

The deadline for applications is January 15th, 2009.

Thank you very much for your help.

Yours sincerely,

Caroline Lehmann
