ASCIS

GENERAL INFORMATION

The 7th Edition of the Faculty of Chemistry Conference, IasiCHEM 2025, will take place on October 30–31, 2025. This year's conference honors the 165th Anniversary Celebration of “Alexandru Ioan Cuza” University of Iași. Under the theme “*Chemistry for a Sustainable World: from Lab to Legacy*”, IasiCHEM 2025 will highlight the evolution of chemistry at our university, from its start with the first courses at the “Academia Mihăileană” to the most current breakthroughs. The event will emphasize chemistry's vital, evolving role and its constant adaptation to modern demands. Attendees, including researchers, academics, professionals and students will have a valuable chance to exchange ideas, share findings, and promote collaborations across various areas of research in chemistry. The scientific program will feature plenary lectures, oral communications, and poster sessions. We are honored to host distinguished scientists as plenary guests and anticipate that everyone's contribution will ensure a successful and scientifically rich event.

Scientific program

Conferences

Oral Communications

Posters

The authors interested in presenting the scientific contributions are requested to register on the Conference Website and upload the abstract (one page A4 format) in English by **October 20, 2025** at the iasichem_conference@chem.uaic.ro email address (according to the required format).

For the publication in **Acta Chemica Iasi (IF 2024 – 0.3)**, the papers can be sent for the peer-reviewing process until November 28, 2025 at the aci@chem.uaic.ro address.

Participation fee

Teaching staff, researchers: 250 RON

PhD students: 150 RON

The fee is paid for each contribution until **October 24, 2025** and includes the conference materials and coffee breaks.

Fee payment: Asociația Studenților Chimiști-Ieșeni (ASCIS)
IBAN: RO54BRDE240SV31221242400 (RON)
